

# WEEBLY BUSINESS PLAN COST

*Weebly has a wide range of pricing options with everything from free to Business plans, making it easy to build your website, blog or online store the way you.*

It's why they strongly incentivize annual plans with cheaper pricing and a free domain name at least for the first year. This element can be inserted into your Weebly website just like how you would normally insert elements. This is a great way to tell members and customers about current sales, promotions, new products, or any relevant news to the company. The online store plans Business and Performance are the only plans to include checkout on your domain name— otherwise checkout is on checkout. Existing payments will be credited to your new purchase. This can save you quite some money and allows you to pick other domain name endings. While the free plan may not be ideal, it will open the door and get you started on your journey to running a successful website. The reason to upgrade from the Starter to Pro plan is for better support Pro offers phone and priority support and a few advanced features: site search, password protection on pages, video backgrounds, audio and video embedding and a basic version of Weebly's membership system you'll need to upgrade to the Business plan for the full membership system. This is a nice tool to have especially if you are a business website, or if you have a website that has a lot of information and features. Save Money: Annual Plans Website builders want you to sign up for an annual plan— it signals a commitment that you'll be a customer for a long time. Removing the Weebly footer link is important, especially if you have a business website, or you just want your website to look more professional. It is best to use Google Analytics to help track visitors information. Not only will it allow to sell physical and digital goods, but you can also hand out coupon codes to your visitors. The two big challenges are you can't add a custom domain name yourdomain. Did this guide benefit you? Domain names and email accounts Weebly allows you to purchase your domain name e. This is especially useful if you are building a new web page although you can also Hide the web page until it is ready , or if you only want limited people with your password to access that particular page in which case you can use BOTH the password protection and hide functions , so only those who know about the page can find it, and can access it with your password. Is Weebly Pro or Starter Worth it? Found This Guide Helpful? So if you are serious about your website, all business or living expenses considered, signing up for 2 years is not a heavy investment to have your website be more professional in front of your visitors and customers. Weebly offers four plans for websites: Important note— these are the annual prices when paid monthly. It removes the Weebly ad and lets you access Weebly analytics though note you can still add Google Analytics in cheaper plans. This is especially important as it will provide a much better experience for your visitors, which will likely encourage them to stay longer on your website, and potentially increase your sales if you are a business. Note that this tool is only available to Weebly Pro users. Google Analytics is free and quick to set up, and can provide you with a lot of important information about how your website visitors are using your website. Review Conclusion Given all the enhanced and additional features that you can receive from Weebly Pro or Business plans, especially the header image slider, the site search and flexible footer function, I definitely think Weebly is great value for their low monthly fees. In addition to everything in the Business plan, you get the following: Real-time shipping rates Ability to accept gift cards Abandoned cart emails Email marketing This is the plan that will help take your business to the next level. It empowers your shopping cart with real-time shipping rates and gift cards. Next, you have the tools at hand to increase sales. This makes it impractical for most professional websites. Sometimes customers will leave your shop without buying. Next, this plan offers email marketing to customers and members. You also get only a domain or the option to transfer one with quite a pricey plan compared with other hosts. It allows your visitors to quickly and easily find relevant and useful information on your website. The Starter plan is the right choice for most websites. Every month, you can send up to five email campaigns to up to contacts per email. I will explain why in this article. This is really helpful if you want to create a private club, or just want to restrict certain content from the public. You decide who gets to see what content. A search function for your website and the HD video and audio players give your website a more professional touch. Currently, upgrading your Weebly website to Pro is not too expensive. If you subscribe to Weebly Pro, you can then upload file sizes that are up to MB in size. It only includes a maximum of 2, free emails per month— so it's hardly a reason to upgrade a
